The Descending Moon at the Foot of the Mountain

달이 내린 산기슭

Son Jang-Won

#020

You don't have to use your astral power for something like this, isn't it your way not to interfere with human business?

It's unnatural to not go help when I can obviously do so.

Nature should be natural

And like you said, it's nothing

...I see.

Hm, let's see..

Ah, but...

If I use my power here on another mountain I'll be caught by the mountain guardian spirit of Duek Mtnn mountain.

No, I don't have a good relationship with them these days.
You're cautious.

Ah, right.

I can ask the spirit of the Se Seng stratum

Yes. That's...

The spirit of the stratum..

You said that the same stratum is all over the place across the valley and road.
That spirit will know everything inside its area.

You don't have to wake up the spirit of the stratum for something like that.
